Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Mohonk Addresses In the great movement for the peace and better organization of the world, the commanding cause of our age, no man in America has rendered more conspicuous or influential service during the last twenty years than Edward Everett Hale. He was peculiarly the prophet of that special line of action, culminating in the Hague conferences and courts, which has distinguished the last decade and made it the most significant and decisive single period in the history of the peace movement. More clearly, more constantly, and more convincingly than any other of our leaders he insisted, from 1889 on, that the reign of peace and the reduction of the world s monstrous armaments could come only with adequate international organization and the creation of a judicial system, which should gradually win the confidence of the nations, to supplant the existing war system. He had no trust in makeshifts and improvisations to meet critical international crises; and when others talked of arbitration treaties and arbitration commissions, he talked of a permanent international tribunal. His speeches upon this subject in the first three Mohonk conferences on international arbitration were what gave to those conferences their chief distinction.
