The demographic profile for disability cuts across race, gender, age, and geography. Individuals with disabilities are more likely to be unbanked (30) and to underutilize tax provisions because of a lack of knowledge about the Earned Income Tax Credit, or due to fear of losing important benefits such as health care. They are almost three times as likely to live in poverty as any other group. The Workforce Investment Act, which became effective on July 1, 2000, has opened doors to unprecedented opportunities for jobseekers with disabilities to receive assistance and intensive services to match abilities and interests with employer needs. The U.S. Department of Labor's Office of Disability Employment Policy (ODEP), also advances opportunities for jobseekers with disabilities by providing national leadership in policy development that works to enhance employment profitability and advance economic self-sufficiency. ODEP accomplishes this through partnering with strategic stakeholders in asset development. developing
